

Professional LED Lighted Mirrors and Cabinets

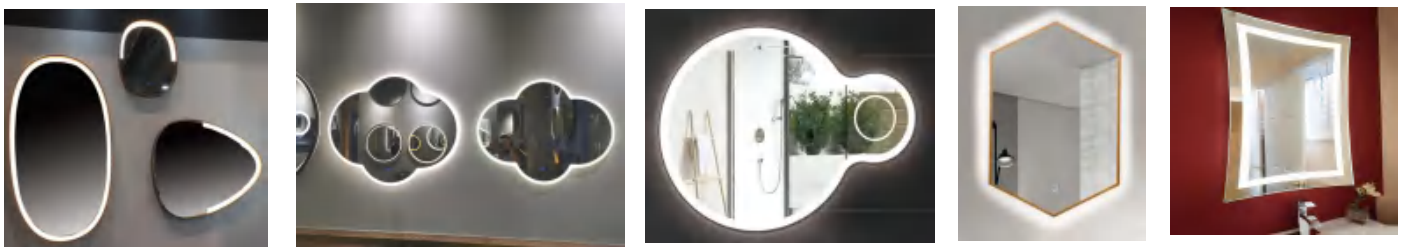

www.lehitech.com
sales@lehitech.com

Customized Solutions

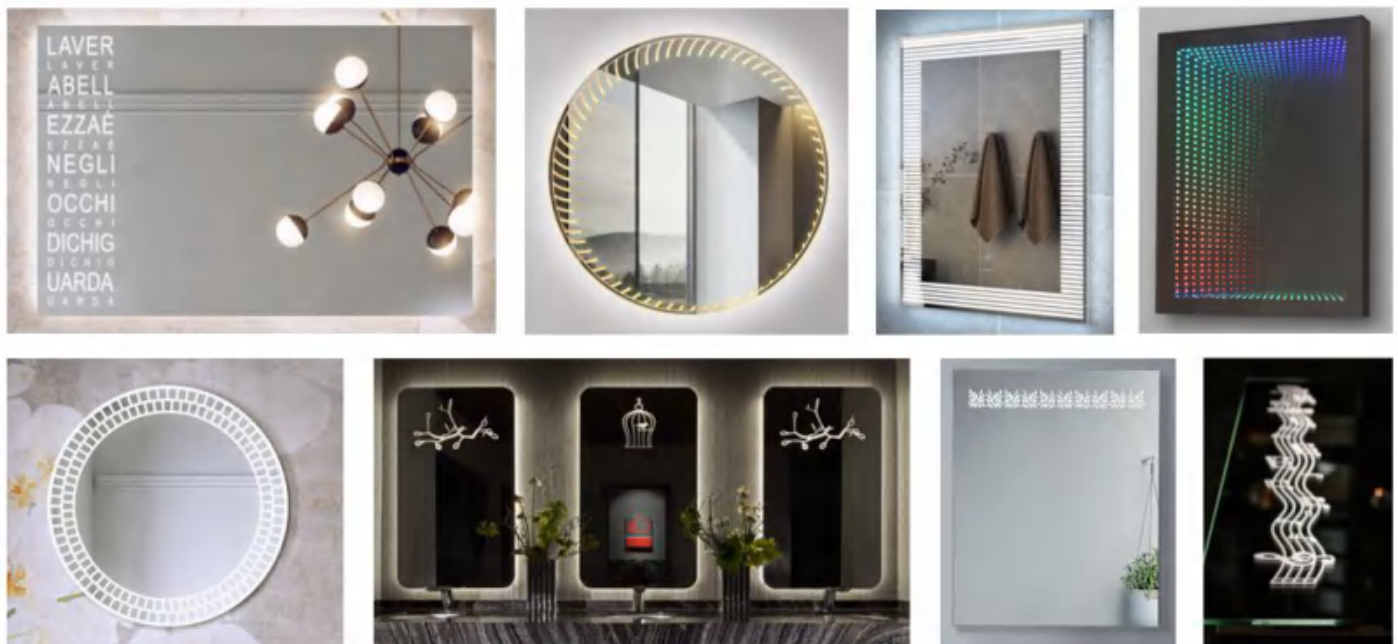

Mirror's sizes, shapes and frosted areas(lighting areas) can all be custom-made based on clients' needs.

The mirror's sizes can be made up to 110"(2.8m)

The mirror's shape can be made into rectangular, round, oval, irregular etc.

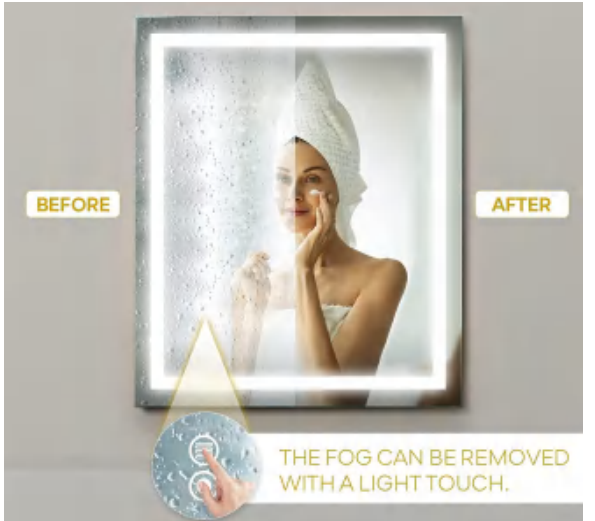

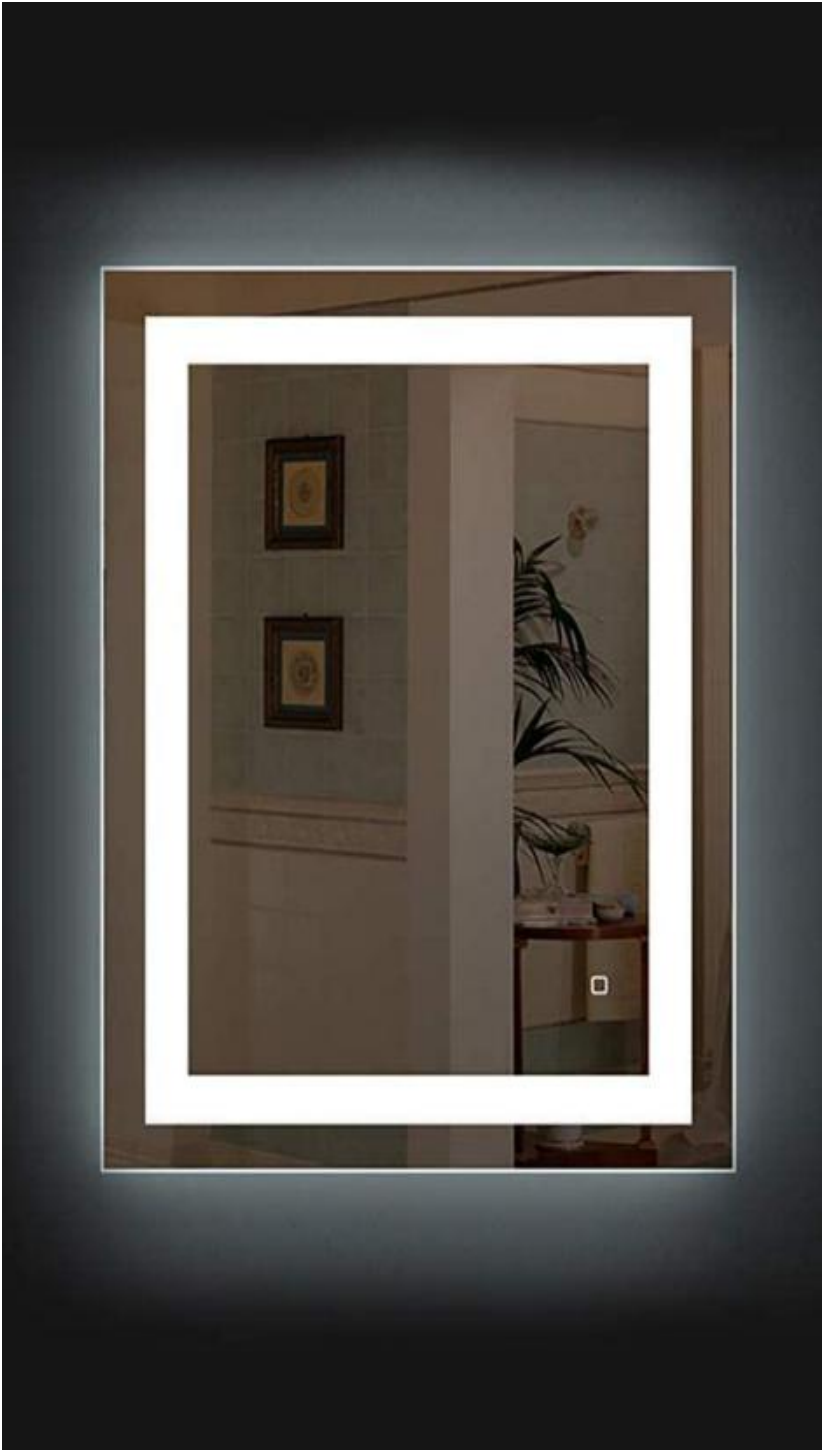

And the frosted area and the lighting color can be also custom-made to provide unique designs.

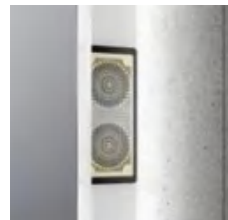

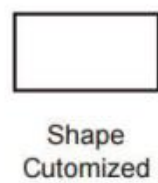

Custom intelligent functions

The most popular functions are with touch dimmer switch to adjust the lighting brightness and lighting color and with defogger.
